- **JavaScript**
- **React.js**
- **Node.js**
- **Express.js**
- **MongoDB**
- **MySQL**
- **GIT**

LANGUAGES

- English
- Bangla
- Hindi

CAREER OBJECTIVE

Recently completed my computer science engineering graduation with a passion for developing scalable web applications and working across the full stack. I am looking to join forces with Red Technologies to continue to grow my skill set while contributing to the positive outcome of making people "richer, smarter, and happier."

EXPERIENCE

Ecommerce Project: Online Store Development
[April 2023 - May 2023]

➢ Developed a fully functional ecommerce website for an online store selling.
➢ Implemented a responsive and user-friendly design using modern web technologies such as HTML, CSS, and JavaScript.
➢ Utilized Node.js and MongoDB to create a robust backend system for product management, order processing, and customer data.
➢ Integrated popular payment gateways (PayPal, Braintree) to ensure secure and seamless transactions.
➢ Implemented a search functionality and filters for customers to easily navigate and find products.
➢ Implemented a customer registration and login system with personalized user profiles and order tracking features.
➢ Conducted thorough testing and debugging to ensure smooth functionality and resolve any issues or bugs.

This experience demonstrates my proficiency in ecommerce development, project management, web technologies, and delivering successful solutions to meet business objectives.
